Letter From The Editor

June 10, 1976

Dear reader,

Greetings! We are excited to introduce the JF Granular Mixers in this month's catalog, an innovation that promises to revolutionize your mixing processes. Whether you are in the food, pharmaceutical, or chemical industries, these mixers deliver precision, consistency, and efficiency. Designed with advanced technology, the JF Granular Mixers ensure optimal performance while remaining eco-friendly and affordable. Experience the perfect blend of quality and sustainability with JF Granular Mixers - your ultimate solution for superior mixing needs.

Sincerely,

Sangita panchal

JF granule Mixer & Blender

By JIGAL FABRICATORS

JF Granular Mixers and Blenders are designed to meet the needs of agriculture and plastic industries. Whether you're blending fertilizers, pesticides, or plastic materials, these high-performance machines ensure consistent, efficient results. Built for durability and eco-friendly operation, JF mixers are the perfect solution for enhancing productivity in agriculture and plastic processing

HORIZONTAL RIBBON BLENDER

VOLUME: 100 LITER TO 1000 LITER

POWER: 2HP TO 45HP

MIXING AMOUNT: 50KG TO 5000KG

CONICAL POWDER MIXER

VOLUME: 50 LITER TO 1000 LITER

POWER: 0.5 HP TO 5 HP

MIXING AMOUNT: 15KG TO 1000KG

WEIGHT: 500 KG TO 3000 KG

'V' POWDER MIXER

VOLUME: 50 LITER TO 2000 LITER

POWER: 2HP TO 45HP

MIXING AMOUNT: 15KG TO 850KG

Power: 0.5hp to 10hp

Weight: 150 kg to 2000 kg

DRUM SEASONING MIXER

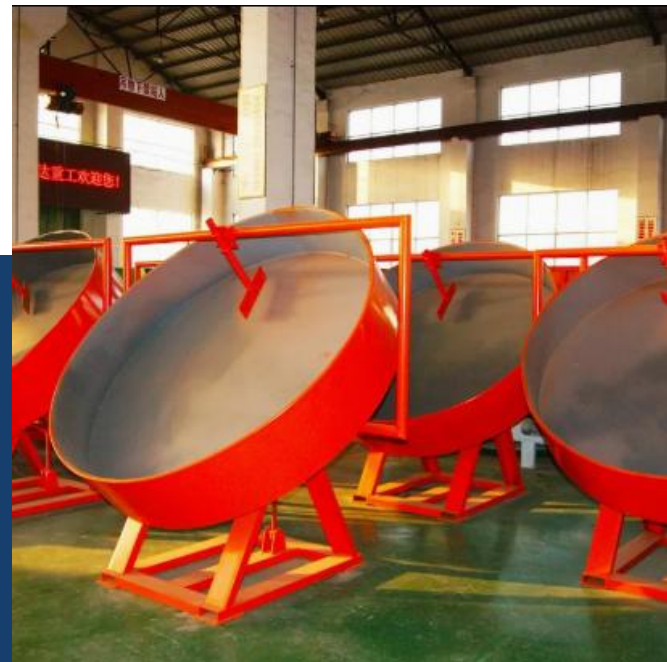

VOLUME: 20 LITER TO 1000 LITER

POWER: 0.5 HP TO 5 HP

MIXING AMOUNT: 15KG TO 550KG

Power: 0.5hp to 10hp

Weight: 150 kg to 2000 kg

DISK GRANULATOR

SIZE: 500 MM TO 3600 MM

POWER: 0.5 HP TO 15 HP

MIXING AMOUNT: 15KG TO 850KG

Power: 0.5hp to 10hp

Weight: 150 kg to 2000 kg

VERTICAL PLASTIC MIXER

VOLUME: 200 KG TO 1000 kg

POWER: 2HP TO 45HP

MIXING AMOUNT: 15KG TO 850KG

Power: 0.5hp to 10hp

Weight: 150 kg to 2000 kg

JF Granule Mixers & Blenders

By Jigal fabricators

JF Granule Mixers and Blenders are designed for the plastic, seed, and pallet industries. Whether mixing plastic granules, seeds, or palletized materials, these high-performance machines provide consistent, efficient results. Built for durability and eco-friendly operation, JF Mixers & Blenders enhance productivity and streamline processes across various industries..

PLASTIC GRANUAL Mixer & DRAYER

VOLUME: 230 LTR TO 11500 LTR

POWER: 1.5 KW TO 7.5 KW

MIXING AMOUNT: 15KG TO 850KG

Weight: 180 kg to 2100 kg

BLOWER: 0.9 KW TO 15 KW

HEATER: 6 KW TO 96 KW

BATCH MIXER

CAPACITY: 50 KG TO 300 KG

POWER: 1.5 KW TO 7.5 KW

MIXING AMOUNT: 15KG TO 200KG

Weight: 100 kg to 300 kg

MATERIAL: MILD STEEL AND STAINLES STEEL

S
M
A

SEED MIXER

VOLUME: 100 LITER TO 500 LITER

POWER: 3 KW AND 4 KW

MIXING AMOUNT: 15KG TO 150KG

VOLTAGE: 220V AND 440 V

MATERIAL: STAINLESS STEEL

S.S DISK GRABULATOR

SIZE: 400 MM AND 500 MM

POWER: 250 W TO 250 W

VOLTAGE: 220V AND 440V

MATERIAL: STAINLESS STEEL

HEIGHT: 1.5 FEET
